OUR SHOE DEPARTMENT is gaining in sales and reputation ev-ery day. We told you several weeks ago that the women of Salt Lake appreciate a reality and that we proposed to put before them a real shoe store, where real values combined with real fitting would make this department a pleasurable resort for women and chil dren's perfect foot dressing. WE EXPECT THE LIMPLESS BOY AND GIRL TO BE OUR BILL BOARD AND OUR ADVANCE GUARD-the mothers to be judges and advocates. OUR BOYS' SHOES WEAR OUT, but it takes a wide awake live boy to wear them out, and while cutting away the leather he is not destroying his feet. Our young ladies and misses' footfrom last, orthopoedic toes are built in a manner to resist the hard wear commonly given them by young people and at the same time retain the elegance of form so much desired by the older peo-ple. Millinery.

So long a time has clapsed since easter one would naturally expect a let-up in hats. One reason for the prolongation of the season is that the department lead the stylish trade. Then, too, it was a happy thought that suggested \$3.50 to \$7.00 hats. Seldom indeed, is it that hats at this price are characterized by style, individuality and becomingness. The demand for these hats continue. Not many women can afford to pay more. We have been anxious for the hats to exceed anticipation because of the fact that we are building reputation. We are going to remain in business permanently and we are more anxious, therefore, to establish character than make immediate profit. The speciality May and June.
